Mac Cursors: the run, step by step

If a step fails, the honest run says so and stops.

WHAT IT IS

This repository contains cape files for Mousecape.

WHAT GOES IN

The files at the top of the tree: README.md, Breeze.cape, Luxus3GoldDarkPlate.cape.

WHAT COMES OUT

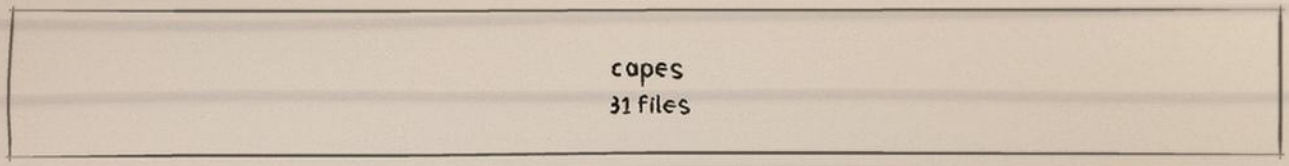

What the top files produce when they run or get read. Nothing else is promised.

WHERE IT STOPS

No service behind it, no account, no upload. If a path is untested, VISUAL.md says so.

MaC Cursors: the parts and their jobs

Each part is a folder or a file that is really in the tree.
If a part is only a name in the README, it is not drawn here.
